The Queensland Rugby League recognises the positive involvement that all attendees must have at community Rugby League matches. This program provides the framework to positively influence the environment in which our game takes place

WHAT IS THIS PROGRAM?

A fully aligned statewide program that empowers volunteers to proactively tackle behaviour issues and create a positive environment at Community Rugby League games.

A program that consistently reminds everyone of the positive influence they can have at our matches through consistent messaging, ambassadors, awareness campaigns and education programs.

A zero-tolerance, evidence-based program to support volunteers and help prevent issues.

Supplying key resources and utilising the National Code of Conduct to address repeated poor behaviour via a demerit system.

A program that rewards teams and clubs for creating a positive environment at Community Rugby League.

A program that allows competition points to be deducted for consistent poor behaviour from players, officials or the team's spectators.

WHY DO WE NEED IT?

We need this program to prevent poor behaviour and violence before it escalates and continue to allow our game to be promoted as a safe, positive and inclusive sport.

Anyone attending matches needs to be aware that if they behave poorly the team on the field may have their game abandoned, lose competition points or be removed from the competition.

We need this program to support our volunteers by providing valuable resources they can utilise to tackle behaviour issues and create a positive environment at their clubs.

In a similar program with awareness campaigns the total number of offences charged by the judiciary dropped 41.7 per cent; and among those, the number of charges for offensive language towards a match official, dropped by 42.4 percent. We need this program to support referees.
